

**materimaging**  
obstetric ultrasound

Introducing you to  
your baby

# **materimaging** is committed to providing you and your baby with the best possible care

Mater Imaging is devoted to providing you with a caring and professional obstetric service which includes our dedicated and highly skilled sonographers, the latest ultrasound technology with **3D/4D** capabilities and a range of obstetric services including: *Dating scans, Nuchal Translucency, 18-20 week Morphology & Third Trimester scans.*

**3D/4D imaging** is performed following the diagnostic component of your scan with images put onto a CD so you can share this exciting time with your family and friends.

**Preparation (for all pregnancy scans)** Please drink 3 glasses of water one hour prior to your appointment and please hold.

3D imaging by  
**materimaging**

## We look forward to introducing you to your baby
